Play and Learning Program
for Children Ages 0-5
Registration is required

Welcome to StrongStart

StrongStart is a free school-based program for families with young children (aged birth to five).

Parents / caregivers accompany their child in play-based early learning activities.

The provincial StrongStart program is in place to help prepare children for success in kindergarten .

Children will be registered into the program during their first visit. Please bring your child's birth certificate.

PLAY

is the highest form
of research.

-Albert Einstein

Learn through PLAY

Qualified early childhood educators lead learning activities where children learn through PLAY!

Carefully selected materials and activities will promote the social, emotional, physical, cognitive and early literacy development in each child.

- Explore with sand and water
- Build with blocks
- Climb and slide
- Learn songs and enjoy music
- Listen to stories

Programming schedules will vary at each location, but all programs will include a nutritious snack, circle time and free play time.

Families will also have access to the school library, and the gym (at most locations).

Program Philosophy

Each child / family is unique and deserves to be treated with respect and dignity in an environment that is safe, positive and promotes a healthy lifestyle.

Each child will be included and made to feel a valuable member of the group.

Parents are an integral part of their child's early learning and are included in all aspects of the program.
